

Trial Examination 2020

VCE Mathematical Methods Units 3&4

Written Examination 1

Question and Answer Booklet

Reading time: 15 minutes Writing time: 1 hour

Student's Name:		
Teacher's Name:		

Structure of booklet

Number of questions	Number of questions to be answered	Number of marks
8	8	40

Students are to write in blue or black pen.

Students are permitted to bring into the examination room: pens, pencils, highlighters, erasers, sharpeners

Students are NOT permitted to bring into the examination room: any technology (calculators or software), notes of any kind, blank sheets of paper and/or correction fluid/tape.

Materials supplied

Question and answer booklet of 10 pages

Formula sheet

Working space is provided throughout the booklet.

Instructions

Write your **name** and your **teacher's name** in the space provided above on this page.

Unless otherwise indicated, the diagrams in this booklet are **not** drawn to scale.

All written responses must be in English.

At the end of the examination

You may keep the formula sheet.

Students are NOT permitted to bring mobile phones and/or any other unauthorised electronic devices into the examination room.

Students are advised that this is a trial examination only and cannot in any way guarantee the content or the format of the 2020 VCE Mathematical Methods Units 3&4 Written Examination 1. Neap Education (Neap) Trial Exams are licensed to be photocopied or placed on the school intranet and used only within the confines of the school purchasing them, for the purpose of examining that school's students only. They may not be otherwise reproduced or distributed. The copyright of Neap Trial Exams remains with Neap. No Neap Trial Exam or any part thereof is to be issued or passed on by any person to any party inclusive of other schools, non-practising teachers, coaching colleges, tutors, parents, students, publishing agencies or websites without the express written consent of Neap.

Instructions

Answer all questions in the spaces provided.

In all questions where a numerical answer is required, an exact value must be given, unless otherwise specified.

In questions where more than one mark is available, appropriate working **must** be shown.

Unless otherwise indicated, the diagrams in this booklet are **not** drawn to scale.

Question 1 (3 marks)

Let $y = \frac{1}{(1 - 2x)^2}$.

Find $\frac{dy}{dx}$.

1 mark

Let $f(x) = x^3 \cos(2x)$. b.

Evaluate $f'\left(\frac{\pi}{4}\right)$.

2 marks

2

Question 2 (2 marks)	
Let $f: \left(-\infty, \frac{1}{3}\right) \to R, f(x) = \frac{3}{1 - 3x}$ and let $\int_{-1}^{0} f(x)dx = \log_e(b)$.	
Find the value of b .	

Question 3 (6 marks)

Let
$$f'(x) = 1 + e^{-\frac{x}{2}}$$
.

a. Evaluate $f'(\log_e(9))$. Give your answer in the form $\frac{m}{n}$ where m and n are integers. 2 marks

b. Given that f(-2) = -2e, find the rule for f(x). 2 marks

c. The transformation $T: \mathbb{R}^2 \to \mathbb{R}^2$ is defined by $T \begin{bmatrix} x \\ y \end{bmatrix} = \begin{bmatrix} 2 & 0 \\ 0 & 1 \end{bmatrix} \begin{bmatrix} x \\ y \end{bmatrix} + \begin{bmatrix} 1 \\ 4 \end{bmatrix}$.

Find the rule of the image of the curve of f'(x) under this transformation.

MM34EX1_QA_2020.FM

Question 4 (5 marks)

Solve $25^m - \frac{1}{5^{1-2m}} = 48$ for $m \in R$. Give your answer in the form $m = \frac{\log_e(a)}{\log_e(b)}$,

where $a, b \in Z^+$.

3 marks

b.	Solve $\frac{5}{\log_e(x) + 2} = \log_e(x) - 2$ for $x > 0$.	2 marks

Question 5 (7 marks)

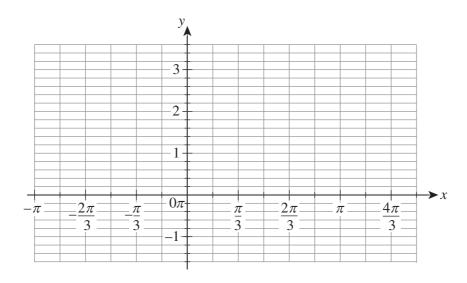

a. Solve $1 - 2\sin(2x) = 0$ for $x \in \left(-\frac{\pi}{2}, \pi\right]$.

2 marks

Let
$$f: \left(-\frac{\pi}{2}, \pi\right] \to R, f(x) = 1 - 2\sin(2x)$$
.

b. Sketch the graph of y = f(x) on the axes below. Label the axes intercepts and endpoints with their coordinates as appropriate.

3 marks

c. Find the equation of the tangent to the graph of y = f(x) at the point where the graph crosses the y-axis.

2 marks

Question 6 (8 marks)

A phone dealer has eight new J-phones in stock. It is found that three of these phones have faulty batteries.

	Find the probability that at least one of the selected phones has a faulty battery.	2 n
i.	That the probability that at least one of the selected phones has a radity battery.	2 11
ii.	Given that at least one of the selected phones has a faulty battery, find the probability that exactly one phone has a faulty battery.	2 n
of a	known that, overall, 20% of J-phones will have a faulty battery. The probability by given phone having a faulty battery is independent to any other phone. A phone per receives a delivery of four new J-phones.	
of an		2 n
of an	ny given phone having a faulty battery is independent to any other phone. A phone er receives a delivery of four new J-phones.	2 n
of an	ny given phone having a faulty battery is independent to any other phone. A phone er receives a delivery of four new J-phones.	2 n
of an	ny given phone having a faulty battery is independent to any other phone. A phone er receives a delivery of four new J-phones.	2 n
of an	ny given phone having a faulty battery is independent to any other phone. A phone er receives a delivery of four new J-phones.	2 m

i.	Find b such that $Pr(X < b) = Pr(Z > -1.5)$.	1
ii.	Correct to two decimal places, $Pr(Z < -1) = 0.16$.	
	Find the probability that a randomly selected phone battery has a lifespan of greater than 470 minutes, given that it has a lifespan of less than 540 minutes.	1 1

Working batteries have a lifespan, measured in minutes, after which they require recharging.

c.

Question 7 (5 marks)

Let $f: R \to R, f(x) = e^{3x} - 2$.

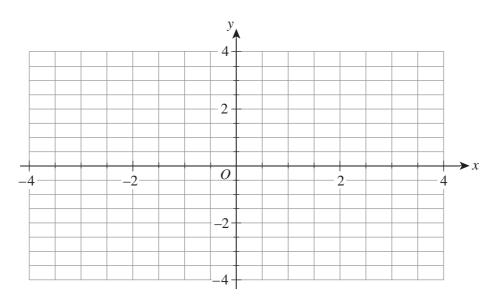

a. Find the rule and domain of the inverse function f^{-1} .

2 marks

b. On the axes below, sketch the graph of $y = f(f^{-1}(x))$ for its maximal domain.

1 mark

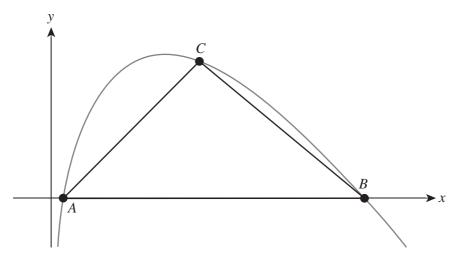

c. Find $f(-f^{-1}(3x))$ in the form $\frac{ax+b}{cx+d}$, where $a, b, c, d \in \mathbb{Z}$.

Question 8 (4 marks)

Let $f: R^+ \cup \{0\} \to R, f(x) = 6\sqrt{x} - x - 5$.

Part of the graph of y = f(x) is shown below, where points A and B are the x-intercepts of the graph and the point C lies on the curve between A and B.

Find the interval	2 1	

Find the maximum area of the triangle <i>ABC</i> .	2 marks

END OF QUESTION AND ANSWER BOOKLET

b.
